6 (a) ~~A person who, or group which, resides in a residence district unreasonably impacted by~~
7 ~~parking congestion that is caused by the district's proximity to a major offsite parking generator~~
8 ~~may request that the City designate the area a residential parking permit area.~~

9 (b) ~~Upon receipt of the request for designation, the Department of Public Works shall provide~~
10 ~~to the person or group petitions which identify the proposed residential parking permit area. The~~
11 ~~petitions shall state the applicable requirements and other relevant information concerning the~~
12 ~~proposed residential parking permit area. The petitions shall be circulated by the person or group,~~
13 ~~for the purpose of ascertaining whether the residents in the area support the proposed designation~~
14 ~~by the City of the area as a residential parking permit area.~~

15 (c) ~~Within 60 days of receipt of petition signatures from residents that represent 75 percent of~~
16 ~~dwelling units in the proposed parking permit area and 75 percent of the dwelling units on each~~
17 ~~block face within the proposed area, the Department of Public Works shall;~~

- 18 (1) ~~Determine whether the proposed residential parking permit area contains a minimum~~
19 ~~of six contiguous block faces, or three blocks facing each other or any contiguous~~
20 ~~combination thereof, or is an area that contains less than a minimum of six contiguous~~
21 ~~block faces or three blocks facing each other or any contiguous combination thereof,~~
22 ~~which has street parking congestion that is caused by the area's proximity to a major~~
23 ~~off-site parking generator;~~

1 ~~(2) Verify the authenticity of the resident petition signatures; and~~

2 ~~(3) Analyze the traffic and resident parking conditions in the proposed residential~~
3 ~~parking permit area.~~

4 ~~(d) A residence district, or part thereof, shall not be recommended for designation by the City~~
5 ~~as a residential parking permit area unless the Department of Public Works analysis, including a~~
6 ~~survey, where needed, reveals that the area is unreasonably impacted due to the area's proximity~~
7 ~~to a major off-site parking generator and such designation is deemed necessary to alleviate a street~~
8 ~~parking shortage for the area's residents.~~

9 ~~(e) Where the analysis by the Department of Public Works substantiates the need for the~~
10 ~~designation of the area as a residential parking permit area, said department shall forward its~~
11 ~~findings to the Municipal Parking Department. Within 10 days, but not later than 30 days, after~~
12 ~~receipt of the Department of Public Works findings, the Municipal Parking Department shall~~

4 ~~street parking shortage for the area's residents.~~

5 ~~(h) Where the result of the Department of Public Works analysis does not support the~~
6 ~~recommendation for the need for designation of the proposed area as a residential parking permit~~
7 ~~area, the Department of Public Works shall notify the person or group, and the City Council, in~~
8 ~~writing of the results of its analysis and recommendation.~~

21 ~~approve the designation of the impacted area as a residential parking permit area where the City~~
22 ~~Council determines that residential street parking is unreasonably impacted in the subject area due~~
23 ~~to the area's proximity to a major off-street parking generator, and that the designation of the area~~

13 district be designated a residential parking permit area.

14 2. The formal recommendation shall include the following supporting information:
